## Post-Summit Summary Report Overview

### **Summit: WVWC, Buckhannon, WV, April 1, 2009**

The High School Graduation and Dropout Prevention Summit was held at West Virginia Wesleyan College, in Buckhannon, WV, on April 1, 2009, from 10:00AM-3:00PM. The purpose was to receive information on national and state data in regard to dropout rates, and explore programs which are working. A second focus was to have participants look more closely at what is happening in their county at the local level.

Numerous partners from education, DHHR, community agencies, America's Promise, Vista's, private practice, were invited and attended. Each county group was well represented with participants from various programs. This information was compiled at our local level and will be added to the information gained from other summits and presented at the state summit in July in Charleston.

The group will await results from the state summit and determine further action steps at the local level in the future. Funding was a key issue and hopefully this will be addressed at the state summit. The summit did provide opportunity for networking and sharing of resources at the local level. Neighboring counties also learned about programs in close proximity.
